"Nectura helped my 3-year old son recover from his heart surgery. He stopped coughing and was no longer feeling weak and lethargic after just 2 weeks of taking this supplement daily! I also take it now and have even included the EverYoung mix. My energy has increased and I even lost 5 lbs after using these supplements for just 3 weeks!"

*Jennifer (Long Beach, USA)*

"As a teacher, health is very important so I bought Nectura for my kids but I ended up drinking the entire bottle in preparation for my marathon. It gave me energy and endurance to run and train. I came home and found out my husband and kids were both sick and realized the drink prevented me from getting whatever they had. I purchased another bottle immediately."

*Christine (Torrance, USA)*

"Shingles, that's all I need to say. I took Nectura with Cat's Claw and it was gone in 5 days!"

*Michelle (Las Vegas, USA)*

"I have hot flashes and after I drank Nectura for a week, my hot flashes have gone away. It also tastes great! It reminds me of a fruit in the Philippines."

*Maria (Signal Hill, USA)*

"I told my esthetician that I caught the flu and she mentioned the product, Nectura, so I tried it. I took it daily and felt more energy within 2 days and my flu was gone within 5!"

*Michelle (Long Beach, USA)*

"I started drinking Nectura almost one year ago, after "white spots" (caused by free radicals or reduced blood pigment) were prominent in my blood. Two months later, the white spots were much smaller. I now feel better and get up easily in the morning, and I've overcome feeling fatigued."

*Toshio Ochiai (Chiba, Japan)*

# NECTURA TESTIMONIALS

"The first thing I noticed after drinking Nectura regularly was that my body doesn't get tired easily any more. Driving a car for a long time always used to make my eyes tired, and body exhausted. On the very first day I drank Nectura, my body and eyes were really refreshed! Later, I had the chance to talk with many people about Nectura, and heard about many health improvements like: "Nectura is a wonderful health supplement," "My legs don't get cramped like before," "My leg pains are gone," "The carpal tunnel pain in my hands is better," "My long-term dry skin is so much better," "My bowel function is better!" ... I heard many testimonials like these from Sparkle Members, from near and far! ... I'm really grateful that Nectura is part of my life!"

*Etsuko Yamamoto (Tokushima, Japan)*

"I've suffered from vertigo due to anemia and low blood pressure from my teenage years, but after having Nectura, the vertigo was gone and my blood pressure normalized! My skin improved dramatically too - a purple lump, blemishes and circles under my eyes, disappeared. I used to hate looking in the mirror and feeling my rough hands when washing my face. People pitied my facial skin condition, making me miserable. Two friends I hadn't seen for 10 years started using Nectura as soon as they saw my "new" face. I now enjoy washing my face and using makeup!

My mother couldn't raise her bent arms high and her fingers also were bent. She had a grade 2 disability. Then she started drinking Nectura – and then she could raise and stretch her arms and fingers out straight. Her homecare helpers who regularly visited her and other people were so impressed, they started to drink Nectura too! She has since passed away, but she was grateful for Nectura until the end."

*Reiko Okada (Kochi, Japan)*

"12 years ago, at 40, I found out I was infected with hepatitis C. I have blood exams every 6 months. I studied up on and started taking health supplements, so I could avoid using drugs. My liver function marker, GPT, was above normal but stayed the same. I was grateful. My doctor recommended drug therapy to prevent elevation of the abnormal blood test readings. At that time in 2009, I discovered Nectura, recommended by a friend. I knew instinctively after the first delicious sip that this was a REALLY powerful product. I began to drink Nectura every day, and it is now an indispensable part of my life. To my surprise, with every regular checkup, the GPT went gradually lower, until it finally went down into the normal range.

I believe regularly taking Nectura has helped my health enormously! Also, my bowel function is good, I've lost excess weight, and my skin is great! My friend asked, "Are you younger?" I'm very happy I discovered Nectura!"

*Y. T. (Kagawa, Japan)*

# NECTURA TESTIMONIALS

"I have drank Nectura regularly after shouting out 'How delicious!' from the first taste. The berry flavor is very popular and because I get compliments for my homemade tube cake containing Nectura – I'll be using it to make other sweet treats!

I believe Nectura has improved my intestines and bowel function, and at the same time, my skin now glows. I've heard from others that their skin condition has improved, thanks to Nectura. It feels like my "old" body has become "fresh". This antioxidant product is very powerful! I want to let many people know about Nectura, because I'm so grateful for it!"

*H. H. (Kagawa, Japan)*

"I went through a really hard time – heavy debt after my husband's business fell on difficult times, worsening asthma and atopic disease, near-doubling of my weight, bulimia, hypothermia, Meniere's disease, autonomic imbalance and hypertension ... I became depressed, spending nearly half a month in bed. Those around me were very worried, but the many supplements they recommended for me did not work. I still remember first trying Nectura – the great taste and it surging through my entire body. About a month later I could get out of bed and be cheerful and busy, like I am now.

If I occasionally forget my Nectura if I'm too busy, I get tired easily, reminding me how important taking it regularly is! I really appreciate Nectura!"

*Harumi Tanaka (Chiba, Japan)*

"After my husband died, my heart stopped from care-giving fatigue, and 3 years ago, I was taken to hospital by ambulance. I was in hospital 2 months, and ICU for 2 weeks. Finally, I was diagnosed with connective tissue disease.

I had diarrhea over 30 times a day, and my weight plummeted. I had a bulging belly and looked like a dystrophic child. Leaving hospital, the diarrhea didn't stop and my junior high school aged sons had to help with the laundry or taking me to the bath. But they took care of me without any complaints. As I was often taken to hospital by ambulance, my sons and friends were very worried. I tried many kinds of supplements, but the disease remained. I then heard good things about Nectura, and wanted to try it. 4 or 5 days after trying Nectura, my son realized that my bulging belly was going down. My diarrhea stopped after a bit, and when I felt good, I could care for myself. My sons were so happy!

On my recent checkup, the number of medicines I take were decreased. I took more than thirty kinds before. My doctor was very curious! My weight increased, I could go out, it's really like going from hell to heaven. I want to tell many people about Nectura to help them too!"

*K. O. (Okinawa, Japan)*

# NECTURA TESTIMONIALS

"I've taken Nectura every day since its launch. Six people are in my family, with four children, the eldest daughter is 22 and the youngest is 15. I'm proud because over the past several years, they haven't needed to see a doctor. My friends' kids often need to see a doctor for a fever, or lost voice due to colds, or for persistent diarrhea.

In my family, for a sore throat, I give them a little more Nectura than they normally have. They recover completely the next morning and go off cheerfully to school. None of my kids take time off school, and they are fine without a flu shot. I work in a hospital where the risk of catching an illness is present. Though many colleagues fall sick and take days off, I am able to work without getting sick. Thanks to Nectura, I believe my immune system is greatly strengthened.

Nectura is also very tasty with natural sweetness and no artificial flavors. I appreciate this wonderful gift – my family's health."

*M. H. (Aichi, Japan)*

"I started drinking Nectura 6 months ago. After about 1 week, the "old" skin around my nose and forehead started peeling away. I was told that skin renewal naturally occurs when drinking Nectura, and I thought this was great at 57! People who hadn't seen me in a while said my facial skin became firmer and radiant – I'd felt this too! I'd suffered from hay fever for a long time, needing an injection and medicine in the season. But this year, I didn't need any medicine for it!

I'm very happy to have found Nectura, and my family all drink it now too. Being beautiful and healthy from the inside out is very important. Cheers to having Nectura mixed with soda every day!"

*Miki Uchiumi (Kochi, Japan)*

# WELLNESS TESTIMONIALS

"I've experienced amazing benefits with Sparkle products. First, I lost 6 kilograms in 3 months after starting to drink EverYoung daily, and my energy and concentration levels shot up! I'm never tired easily, now that EverYoung is part of my daily routine. ION5 is great for my teeth-whitening. As well, ION5 was much faster than any pharmacy drug for curing a canker sore in my mouth. With daily taking of Nectura, I'm so happy that my mother's skin became beautiful and even her vision improved. And for me, people often say my skin is much firmer and more radiant than before, and that I became beautiful!"

*Risa Mihara (Osaka, Japan)*

"My life started to change IMMEDIATELY when I was introduced to Sparkle products! I was one of those you hear about – a professional athlete with one of the best conditioned bodies. During my 4 years in the WNBA, I was in the best shape of my life. And then life struck back. I retired, and ruptured my Achilles. Five months and 25 pounds later - I looked in the mirror and couldn't tell who I was. I was ashamed to go out. Ashamed to see my friends, and ashamed to even go home to my family. It was time to change my life.

I was introduced to the Sparkle products by my friend Lani Dizon (Sparkle Founder), and IMMEDIATELY my life started to change. I had tried other products, but they either made me sick, or made my heart beat so fast I thought I would die. Not EverYoung and Nectura. These felt so natural and RIGHT. Well, 30 pounds LESS later, I am STILL taking them – this time to feel good.

I REALLY BELIEVE in these products. They taste amazing and make me feel amazing. It is WORTH the try. Old, young, in shape, out of shape.....anyone can use these products. It was SO easy for me to fall OUT OF SHAPE. I appreciate the fact that SPARKLE products have made it relatively easy for me to get back INTO SHAPE. I will use them for the rest of my life!"

*Chantel, Former WNBA Player (USA)*

"My husband has had eczema from boyhood for 47 years, and suffered from 'eczema face.' I cannot tell you how many doctors he consulted. Sometimes, he has scratched the skin off from top to toe. He tried one supplement after another at a staggering financial cost. After trying so many different ones, and spending around 20,000,000 yen over many years, he was ready to give up, still without successfully treating his eczema.

One day, a friend introduced Nectura to my husband. After drinking Nectura for some time, my husband's skin began turning smooth, his skin itchiness has eased, hair grew on his temples where the roots seemed dead, and his eyebrows grew bushy. Even his uneven forehead skin is toned-up and smoother. It was hard for him to look people in the eye before, and he worried about his family. But now, when I see his joyful, smiling face in the mirror, I'm grateful beyond words that Nectura is part of our lives!"

*Keiko Togami (Osaka, Japan)*

# HALO TESTIMONIALS

Halo™ is a multi-purpose beauty activator that provides endless solutions, with a push of a button! It helps to lift, tone, smooth fine lines and wrinkles, minimize dark circles, stimulate circulation, promote a rested, youthful looking appearance and much more! Whether you're 20, 30, 40 or over 50, the fragile skin around the eyes can develop wrinkles, puffiness, dark circles or a tired look. This can be due to factors such as stress, sun exposure, repeated expressions like squinting and smiling, lack of sleep and unbalanced nutrition, which can add years to the appearance, even at an early age. It is never too early to start an effective skin care regimen to keep you looking your best... for a lifetime!

*Halo™ - Your secret weapon... to a timeless appearance!*

---

"Halo is just so convenient and easy to use, so I use it often, even though about 2 or 3 times a week would still be enough. You get great coverage in less than a minute, and it feels comfortable while it stimulates pressure points. I can feel a nice, tighter skin, and my skin is more lifted and firmer - and my wrinkles have diminished! Halo also makes my makeup go on easily and beautifully! I really believe Halo is so effective!"

*Mikachun (Japan)*

"After just one week of using the Halo beauty device my smile lines and skin sagginess on my face are diminishing. My skin is more moisturized, and has become more radiant! I can't believe that after using Halo for only one week, I can see these visible positive changes and great results!"

*Kirakira (Japan)*

"I love beauty devices and have used many, but Halo is the most convenient, and very easy to use, every morning and evening. Halo is exciting and new because it sends currents that lead to creation of collagen, and Halo is all I now use for my skin care. Looking at photos, my skin is more radiant and improved after just one week's use! I'm excited to be seeing more and more good improvement to my skin!"

*Shion (Fukuoka, Japan)*

"I like Halo and Shine very much. Halo is effective - I notice the facial muscles under my skin are firmer, and this is also noticeable even in photos! Shine is incredibly effective as a make-up base! It smooths out the unevenness of the skin, and, as a mineral-formulated make-up base, it makes skin pores invisible and your skin looks beautiful!"

*Manamamino (Aichi, Japan)*

"Halo works quickly on wrinkles, because you can focus directly on any trouble spots. It is very simple, convenient and compact, and easy to use while watching TV! I recommend Halo, especially for anyone who has any blemishes or hard-to-treat areas on the skin."

*Hamayama (Aichi, Japan)*

# HALO TESTIMONIALS

"Halo's gentle current gives you a light stimulation to your skin without pain or heat. I used Halo and the dark pores around my nostrils, which were troubling me for more than 6 months, disappeared!! I tried Halo twice, to make sure it was Halo that really fixed my dark pores! I'm so happy because it's usually so difficult to do that!"

*Sali (Japan)*

"After pressing Halo's "on" button, I use Halo to vibrate on acupressure points and it feels good, because it improves your blood circulation, then your skin gets warmer. The more I use Halo, the more I see skin improvement. Halo is very compact and easy to carry."

*Suzuran (Yamaguchi, Japan)*

"I can recommend Halo to anyone needing a simple and easy-to-use beauty device, that is compact, and easy to hold, with a simple operation and adjustable power level. You can care for your skin with Halo while watching TV or reading a magazine, etc., and it feels good to use. I experimented during a "test period" by only using Halo and found that: My skin's tone improved, my skin was softer and glowed more, the "bags" under my eyes faded, and my makeup stays on better."

*Moge (Japan)*

"About 6 months ago, I noticed that the skin around my neck sagged and I looked older - I believed "I cannot trick anyone about my age any longer." I decided to try Halo, after witnessing smile lines on others getting drastically better after they used Halo. Massaging Shine on my neck before using Halo, I was really shocked to see my ugly neck wrinkles disappear in less than one week! Now no-one can guess my real age! Halo even made my stiff shoulders feel better!"

"I love all the Sparkle products and use them daily. I've had many good experiences! I'll just talk about my face this time. I've had pimples all over my face since my 20's, and the many doctors I consulted had no cure. People even made fun of my face and that scarred me inside. Using Sparkle's Angel Silk and Shine, my face became less puffy after one week, then my pimples disappeared, and the bags under my eyes were better too. I've recently been told that I have beautiful skin! It scares me to think what would've happened if I never found these products. I can never thank Club Sparkle enough!"

*Reiko Okada (Kochi, Japan)*

"Since Ms. Reiko Okada let me in on her amazing beauty secret, I have blended Shine and Angel Silk as a foundation. I have used many types of foundation as a make-up artist, but the combination of Shine and Angel Silk is definitely the best! When I put this blend on my face, it effectively hides pores and gives a fresh and beautiful look all day long. Professionally and personally, these are the most amazing cosmetics I've ever seen!"

*Aya Mihara (Osaka, Japan)*
